

HAFEES AHAMED

COMPUTER ENGINEERING UG

EDUCATION

Esoft Metro Campus

Diploma in Information Technology | Feb 2023 - Feb 2024

- Grade : Distinction
- Learnt some basic concepts in IT field
- Learnt some programming languages such as python and C#.
- Learnt MS SQL
- Learnt how to do a project

University of Peradeniya

B.Sc Eng (Hons)-General Programme | Apr 2024 - Oct 2024

- GPA: 3.73
- Learnt how to a project using Arduino
- Learnt some hands-on experience regarding circuits in labs
- Learnt how to write project reports

PROFILE

I am a Computer Engineering student at the University of Peradeniya (E22 batch) with a strong foundation in software development and system design. I am especially interested in UAVs (drones) and their applications in automation, swarm coordination, and autonomous systems. I look forward to contributing to PERAHIVE and gaining hands-on experience in intelligent flight innovation.

SKILLS

• Programming & Software Development:

Python, C, Data Structures & Algorithms (DSA)

• UAV & Robotics Applications:

Line-following robot (Arduino)

• Teamwork & Project Collaboration:

Academic projects in C and ARM assembly, Problem-solving

• Planning & Innovation:

Project planning, Experiment design, Testing, Analytical thinking
